

CC 500

Intermediate Polished Vinyl

CC500 POLISHED PERMANENT OPAQUE VINYL

A polished or matte flexible calendered vinyl with a permanent, acrylic, pressure-sensitive adhesive laminated to a 78# liner. 500 Series is commonly used to produce vinyl graphics on computer-programmable sign-cutting machines.

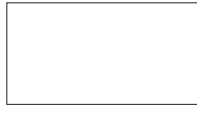

APPLICATIONS: This product is recommended for outdoor and indoor uses where a high-quality marking film requiring flexibility, durability and resistance to sunlight, is required. These films can be used for architectural signage, commercial-retail signage, point-of-purchase graphics and decals. **Special Colors available upon request.**
